

Understanding individualized housing options

Whether you already have a vision for where you'd like to live, or need help putting it together, the Developmental Services Ontario (DSO) housing navigator in your area will help you by:

- pointing you to resources and organizations that can help you create a housing plan
- providing a toolkit of resources to help with a housing plan
- connecting you with family support networks to share information
- getting you access to available Ministry of Children, Community and Social Services funded services and supports
- working with the people in your area who are providing housing to find local options and opportunities that may fit your needs
